-Contestants bring your own creations from home to showcase, and you will take them back home with you afterwards.

-Make sure to bring your creations in a tupperware or other container so you can make sure not to lose any pieces!

-Your creations should fit on a standard Lego baseplate or an 8x11 sheet of paper.

-Include the letters KFX into your design! Be creative, you can make these as large or as small a part of your design as you like.

-KFX is a larger event with paid entry for entrants over 10 years old, which includes guardians and parents. We encourage contestants to make the most of this pass which allows you to explore four venues and other activities during the rest of the day.

-Creations will be photographed as part of the event, but you may choose not to be photographed with your creation if you are not comfortable with having you or your child's picture taken for any reason. Please indicate to media staff that you do not wish to have your image used.

-KFX reserves the right to make changes to these rules at any time.
